## Dogs in Cars on Hot Days

### Show Schedule Notice

Your dog is vulnerable and at risk during hot weather and the Kennel Club offers the following guidance to help guide you through the do's and don'ts travelling to and whilst at KC licensed events.

When travelling to a show please take a moment to consider whether the route to the show is on a busy holiday route, and leave earlier to avoid increased time in traffic jams.

If your vehicle is not air-conditioned seriously consider whether travelling to the show is a good idea at all.

The vehicle should be as fully ventilated as possible, and plenty of stops should be taken, with lots of water available to drink.

Ensure your dog is not sitting in full sunlight. There should be plenty of free flowing air around the dog.

When at the show, never leave your dog in the vehicle.

Keep the dog in the shade – take your own shade for example a large umbrella and always have plenty of water available to drink so your dog stays well hydrated.

Avoid your dog taking part in unnecessary exertion, or from standing in exposed sunlight for extended lengths of time. Remember, if you feel hot your dog is very likely to feel much hotter and dehydrated, and this could lead to dire results. Please look after your dog's welfare.

### WARNING

**IF YOUR DOG IS FOUND TO BE AT RISK FORCIBLE ENTRY TO YOUR VEHICLE MAY BE NECESSARY WITHOUT LIABILITY FOR ANY DAMAGE CAUSED.**

Anyone whose dog is entered at a Kennel Club licensed event should take all

reasonable steps to ensure the needs of their dog(s) are met, and should not put a dog's health and welfare at risk by any action, default, omission or otherwise. Breach of Kennel Club Regulations in this respect may be referred to the General Committee for disciplinary action under Kennel Club Rules and Regulations.

**Right to Refuse Entries.** Exhibitors/Competitors are reminded that show societies have the right under Kennel Club Regulation to refuse any entry.

## TEMPERAMENT ASSESSMENT FORM

**Club** The British Boxer Club  
**Date of Test** Sunday, 6<sup>th</sup> September 2009  
**Location** Shardlow Playing Fields,  
Shardlow, near Derby  
**Assessor** Mr. Ian Dunstall

### *Introduction*

Not only are many dogs expected to live in cities and densely populated housing situations, but the social climate has changed in recent years and there is a significant anti-dog lobby. Life is very stressful for our dogs!.

More than ever, dogs are required to behave in controlled and discriminating ways which may be at odds with behaviour characteristics of the individual breed or, indeed, of the species. For this reason owners need to know how their dog will behave in specific or general situations and when they are stressed. By evaluating their dog's tendency to respond in certain ways, an owner can be prepared for the future and can obtain additional training or socialisation, if necessary, to ensure their dog is safe.

The aim of the testing procedure is to make the tests as simple and as much like real-life situations as possible, so that owners have a good overview of their dogs. Test should be fun and include elements of everyday life which a dog is likely to encounter (such as traffic, unfamiliar people, other dogs, children, etc.)

This is not a test of training or of handling skills, but simply of how each dog is likely to re-act in certain circumstances. The scoring system is based upon a combination of the required characteristics of the Breed and a "reasonable response" by any dog. In order to interpret the observed behaviour of the dog, the examiner would like some background information on each dog. Please see attached Form to be completed and returned.
